

**Network Innovations
Domestic Private Line SLA**

1.0 OUTAGES

1.1 Except for DS-0 Service, the Service Level Agreement contained in this Section 1 applies as of a Service's Start of Service Date. Network Innovations / Underlying Carrier does not provide a Service Level Agreement on DS-0 Service.

1.2 Customer acknowledges the possibility of an interruption that results in the total disruption of Service which, subject to the restrictions and exclusion in Section 1.9 below, constitutes an "Outage". If a Service experiences an Outage ("Affected Service"), Customer may be entitled to an "Outage Credit" based upon the amount of Outage time experienced by the Affected Service during the calendar month at issue. The Outage Credit amount is calculated by determining the percentage of time (calculated in minutes) that the Affected Service did not experience an Outage ("Service Availability Percentage") using the formula below and identifying the associated Outage Credit percentage in Table 1.2A below (for Services in the continental US) or Table 1.2B below (for Services in Hawaii). The amount of the Outage Credit shall be the Outage Credit percentage in Table 1.2A or Table 1.2B, as applicable, multiplied by Customer's MRCs for the Affected Service (after application of any credits or discounts ("Eligible Service MRCs")).

The monthly Service Availability Percentage for a particular On-Net Affected Service is calculated as follows:

$$\left[\frac{(\text{Applicable Days in Calendar Month} \times 24 \times 60) - (\text{Minutes of Outage on Affected Circuit in Calendar Month})}{(\text{Applicable Days in Calendar Month} \times 24 \times 60)} \right] \times 100$$

**TABLE 1.2A
SLAs AND OUTAGE CREDIT PERCENTAGES - CONTINENTAL UNITED STATES SERVICE**

POP-to-POP Credit Schedule – Continental US		
Service Availability Percentage		Outage Credit percentage (as a % of the Eligible Service MRCs for the Affected Service)
Upper Level	Lower Level	
100.00%	99.999%	0%
< 99.999%	99.99%	10%
< 99.99%	99.9%	25%
< 99.9%	99.5%	50%
< 99.5%	0.00%	100%

**TABLE 1.2B
SLAs AND OUTAGE CREDIT PERCENTAGES - HAWAIIAN SERVICE**

POP-to-POP Credit Schedule - Hawaii		
Service Availability Percentage		Outage Credit percentage (as a % of the Eligible Service MRCs for the Affected Service)
Upper Level	Lower Level	
100.00%	99.95%	0%
< 99.94%	99.75%	5%
< 99.74%	99.00%	10%
< 98.99%	97.5%	15%
< 97.49%	0.00%	20%

For purposes of measuring the Service Availability Percentage, the Network Innovations / Underlying Carrier Trouble Management System determines the number of minutes of an Outage. The length of each Outage shall be calculated in full minutes. An Outage shall be deemed to have commenced upon verifiable notification thereof by Customer to Network Innovations / Underlying Carrier in accordance with the Trouble Ticket Procedure described below. Each Outage ends upon restoration of the Affected Service as evidenced by appropriate network tests by Network Innovations / Underlying Carrier.

1.3 To receive an Outage Credit under this SLA, Customer must: (i) enter a trouble ticket at the time of the Outage by contacting the Network Innovations' NOC 866-892-0915 (or any other number provided by Network Innovations to Customer) (ii) be current in its payment obligations under the Agreement, and (iii) request reimbursement for Outage credits hereunder and submit all necessary supporting documentation within fifteen (15) calendar days of the conclusion of the calendar month in which the requisite Outage occurred. If Customer fails to comply with the conditions set forth in this Section 1, Customer shall have waived its right to such Outage Credits for Outages in such month.

1.4 Customer's written request for Outage Credits shall be submitted, within fifteen (15) calendar days of the end of the calendar month in which the Outage occurs, to Network Innovations at: Network Innovations' Billing Department, billing@nitelecom.com. The written request notice shall include: (i) Customer's name; (ii) the circuit identification number for the Affected Service; (iii) the trouble ticket number issued by Network Innovations NOC; and (iv) the duration of the Outage. Outage Credits for any calendar month must exceed twenty-five dollars (\$25.00) per Affected Service to be processed. In no case shall Network Innovations provide credit to Customer for an Affected Service that exceeds the monthly recurring charge.

Network Innovations Domestic Private Line SLA

1.5 All approved Outage Credits shall be credited on the monthly invoice for the affected Service following Network Innovations' approval of the Outage Credit. The total of all Outage Credits applicable to, or accruing in, any given month shall not exceed the amount payable by Customer to Network Innovations for that same month for such Service.

1.6 Subject to Sections 1.7 and 1.8 below, Outage Credits described in this Section 1 shall be the sole and exclusive remedy of Customer in the event of any Outage or other disruption of Service. Under no circumstance shall any Outage or other disruption of Service be deemed a default giving rise to Cause under this SLA. No other service or performance guarantees or credits shall apply to the Services.

1.7 If Customer experiences any Chronic Outage (as hereinafter defined) with respect to the Service, Customer shall be entitled to terminate the Affected Service without further obligation by providing Network Innovations / Underlying Carrier with written notice following such Chronic Outage. For purposes of this Section 1.7, a "Chronic Outage" means, with respect to a circuit, the occurrence during any calendar month of: (i) more than four (4) related Outages; or (ii) more than twenty-four (24) aggregate hours of Outages.

1.8 Customer may, as its sole and exclusive remedy for Chronic Outages, upon fifteen (15) calendar days prior written notice to Network Innovations, terminate the Affected Service without incurring any Termination Liability Charges with respect to such affected circuit; however, Customer agrees to pay all usage charges for such Affected Service accrued to the date of termination (the "Early Termination Right"). Customer must exercise its Early Termination Right with respect to the Affected Service within fifteen (15) calendar days after Customer first experiences a Chronic Outage. In the event Customer fails to exercise its Early Termination Right within this fifteen (15) calendar day period, Customer shall be deemed to have waived its Early Termination Right with respect to the Affected Service.

1.9 An Outage shall not be deemed to have occurred in the event that the Service is unavailable or impaired due to any of the following:

- (i) Interruptions on a Service for which the Start of Service Date has not yet commenced;
- (ii) Interruptions caused by the negligence, error or omission of Customer or others authorized by Customer to access, use or modify the Service or equipment used by Customer;
- (iii) Interruptions due to power failure at Customer premises, or the failure or poor performance of CPE;
- (iv) Interruptions during any period in which Network Innovations / Underlying Carrier or its agents are not afforded access to the premises where the access lines associated with the Service are terminated, provided such access is reasonably necessary to prevent a degradation or to restore Service;
- (v) Interruptions during any period that Network Innovations / Underlying Carrier has communicated to Customer in any other manner that the Service will be unavailable for Normal Maintenance or grooming purposes, or Customer has released the Service to Network Innovations / Underlying Carrier for the installation of a customer Service order;
- (vi) Interruptions during any period that Customer elects not to release the Service for testing and/or repair and continues to use it on an impaired basis;
- (vii) Interruptions resulting from Force Majeure;
- (viii) Interruptions resulting from Customer's use of Service in an unauthorized or unlawful manner;
- (ix) Interruptions resulting from a Network Innovations / Underlying Carrier disconnect for Cause;
- (x) Interruptions resulting from incorrect, incomplete or inaccurate Service orders from Customer (including without limitation Customer's over subscription of circuits);
- (xi) Interruptions due to improper or inaccurate network specifications provided by Customer;
- (xii) Interruptions resulting from a failure of a carrier other than Network Innovations / Underlying Carrier providing Local Access Services, including CPA;
- (xiii) Special configurations of the standard Service that has been mutually agreed to by Network Innovations / Underlying Carrier and Customer; provided, however, Network Innovations / Underlying Carrier may provide a separate service level agreement to Customer for those special configurations;
- (xiv) Network Innovations / Underlying Carrier's inability to deliver Service by the Customer Commit Due Date.

2.0 SERVICE MAINTENANCE

2.1 Network Innovations / Underlying Carrier will endeavor to perform all non-emergency Normal Maintenance (defined below) during pre-established maintenance hours (windows). "Normal Maintenance" refers to: (i) upgrades of hardware or software; (ii) upgrades to increase capacity; or (iii) other pre-scheduled network activity that may degrade the quality of the Services or cause Service interruptions. Network Innovations / Underlying Carrier will use reasonable efforts to perform all Normal Maintenance seven (7) days a week between the hours of 11:00 PM and 5:00 AM Local Time. "Local Time" refers to the time of day in the time zone in which an affected Service is located; provided, however, that if affected Services are located in multiple time zones, Local Time shall refer to Eastern Time. Network Innovations / Underlying Carrier may change the designated maintenance windows upon notice (via email or any other notice).

2.2 "Urgent Maintenance" shall refer to efforts to correct Network Innovations / Underlying Carrier Domestic Network conditions which require immediate correction. Urgent Maintenance, while being conducted, may degrade the quality of Services and may result in total disruption of Service. Network Innovations / Underlying Carrier may undertake Urgent Maintenance at any time that it deems necessary in its sole discretion. Network Innovations / Underlying Carrier shall endeavor to provide Customer notice of Urgent Maintenance as soon as is reasonably practicable under the circumstances.

3.0 MEAN TIME TO REPAIR

3.1 Network Innovations / Underlying Carrier's mean time to repair objectives are (i) 4 hours for SONET equipment; (ii) 12 hours for fiber optic cable (per Bellcore Standard). Network Innovations / Underlying Carrier's cable cut rate objective is 4.39 cable cuts /year/1,000 sheath miles (per Bellcore Standard).
