

Important Information Regarding Montana Relay

Montana Relay is a public service which guarantees all citizens access to prompt, professional and accurate communication through the telephone. Consumers of these specialized services, specifically individuals who are deaf, deaf-blind, hard of hearing or have difficulty speaking, can communicate on the telephone via TTY, Voice Carry Over (VCO), Hearing Carry Over (HCO), Speech-to-Speech (STS), Spanish and Captioned Telephone in order to connect with family, friends or businesses with ease.

How Montana Relay works:

Dial 711 or the appropriate toll-free number provided to connect with Montana Relay. A qualified Communication Assistant (CA) will ask for the area code and number of the person you wish to call and will begin relaying the conversation. Generally, the CA will voice the typed message from the text telephone (TTY) user to the person on the other end. The CA then relays the spoken words by typing them back to the TTY user.

Specialized Services:

Montana Relay offers specialized services for individuals who have difficulty speaking and for Spanish speaking residents. Specially trained CAs are on hand to assist in these types of calls by dialing the associated number provided on this page. Since Montana Relay offers a variety of services please refer to the website listed or call Montana Relay Customer Care for more detailed instruction on how a particular call is processed.

Captioned Telephone:

Captioned Telephone is also available and ideal for individuals with hearing loss who are able to speak for themselves. A captioned telephone works like any other telephone with an essential difference: it allows users to listen to their phone conversations while reading word-for-word captions of what's said to them.

Access to Services:

Both 711 and the 800 numbers are toll free calls and provide access to the same relay services. If you are experiencing trouble dialing 711 to reach Montana Relay, please call Montana Relay Customer Care.

All services are available 24 hours a day, seven days a week. Consumers may place relay calls to English and Spanish speaking persons within Montana, across the United States and even internationally. By law, each conversation is handled with strict confidentiality.

To place a call using Montana Relay, dial 711 or one of the toll-free numbers below:

TTY: 800-253-4091

Voice: 866-253-4090

Emergency Calls

Please note that 711 is only to be used to reach Montana Relay. In an EMERGENCY you should continue to use 911. For emergencies, call 911 or your local emergency service TTY number directly. The Americans with Disabilities Act (ADA) requires that all 911 centers have a TTY and are prepared to handle emergency calls placed in this manner. Montana Relay will make every effort to assist you in an emergency. However, it is important to understand that relay centers are **not** 911 centers and do not assume responsibility for emergency calls.
